

POWERED BY

THE X-ROOM

**BUILD YOUR OWN ROOM.
POWERED BY X-CUBE.**

The X-Room is a flexible alternative to our turn-key X-Cube, ideal for venues with construction capabilities, custom room dimensions, or those looking to save on installation costs.

We provide all essential hardware to deliver the full X-Cube experience for up to 8 players: controllers, sensors, lighting, routers, cabling, and more. Screens can be sourced locally to reduce shipping and cost.

You'll also receive setup drawings and clear guidelines to help you build a high-quality room that meets our standards. Once completed, your X-Room is fully connected to the X-Cube platform, with access to all experiences, updates, and remote management tools.

Approved X-Rooms become part of the official X-Corp network and are proudly featured on our website.

WHY THE X-ROOM?

Low investment | high margin per player

Full X-Cube experience | flexible room setup

Fast ROI | often within 6 months

Full access | all X-Cube games and updates

Easy management | with remote support

Official listing | in the X-Corp network

Contact us at x-corp.nl

WHAT'S IN THE KIT?

The X-Room Self-Assembly Kit contains everything you need to turn your own space into a full X-Cube experience for up to 8 players; so all you have to build is the room itself.
